Proposals invited to host the ISTE National Annual Faculty and Students Conventions for the year 2020

As a regular annual feature, forty nine National Annual Faculty Conventions and twenty two Students Convention of ISTE have been held so far in different States. The major impact of these Conventions are instrumental in providing an opportunity for the Teachers, Educational Planners and Administrators, Students and all other stakeholders who are involved in the field of technical education to get together and share their views and to contribute the development of technical education system.

In this regard, Institutions are welcome to send their proposals for hosting the **23rd ISTE Annual Students Convention and 50th ISTE National Annual Faculty Convention**, which will be organised during October and December 2020 respectively. Proposals received will be placed before the ISTE Executive Council in its meeting for consideration.

Interested institutions are requested to send their detailed profile alongwith their willingness letter for hosting the Conventions to the following address:

APPEAL TO CONTRIBUTE NEWS/ARTICLES FOR ISTE NEWSLETTER

The Indian Society for Technical Education (ISTE) is the leading National Professional non-profit making Society for the Technical Education System in the country with the motto of Career Development of Teachers and Personality Development of Students and overall development of our Technical Education System. ISTE publishes monthly Newsletter which was earlier circulated to all life members, institutional members, Central & State Government Officials, Industry Associations and Corporate Offices. Considering the commitment towards going green, ISTE has stopped printing of Newsletter since a few years and serving readers by providing soft copy of the same on the official website "www.isteonline.in"

ISTE has been receiving innovative suggestions from all members for further enhancing the eminence of the Newsletter by introducing theme based articles from its members, corporate world, success stories of Industrial engineers, best practices at Institutions, technological innovations worldwide, etc. so as to benefit the readers. The Newsletter shall continue to include information of activities conducted under ISTE faculty chapters, students chapter, notifications related to schedule of ISTE various programs/activities, national/regional awards, etc.

ISTE hereby solicits articles not exceeding 300 words based on the theme from its members & stakeholders in word file only along with good quality photo (preferably 6 cms x 4 cms) in JPG format. Institute members can send success stories of their students, staff who have made excellent, outstanding and exemplary strides in technical/industrial field. The success stories should be in a word file and should not exceed 400 words and should be accompanied by a good quality photo (preferably 6 cms x 4 cms) in JPG format.

All articles, information and photo (in JPG format) with caption should be sent in a word file to **istenewsletter@gmail.com**. Selected articles/information with good quality photos will be published in the ISTE Newsletter. The correspondence address is as follows:

QUOTE FOR THE MONTH

If you have the chance to make people happy, just do it. Sometimes people are struggling silently. May be, your act of kindness can make their day.

WIT AND WISDOM

- Being a good person is very difficult. It is like being a Goal Keeper. No matter how many goals you saved. The people remember only the goal you missed.
- What is done is done. What is gone is gone. One of life's lessons is always moving on. It is okay to look back and think of fond memories but keep moving forward.
- Confidence does not come when you have all the answers. But it comes when you are ready to face all the questions.
- If people are trying to pull you down. Be proud about it, because it only confirms that you are above them.
- Happiness comes a lot easier when you stop complaining about your problems and you start being grateful for all the problems you do not have.
- Happiness is a choice, not a result. Nothing will make you happy until you choose to be happy. No person will make you happy unless you decide to be happy. Your happiness will not come to you. It can only come from you.
- As you breathe right now, another person takes their last. So stop complaining, and learn to live your life with what you have.
- There are four very important words in life : love, honesty, truth, respect. Without these in your life, you have nothing.
- Comparison is a very foolish attitude because each person is unique and incomparable. Once this understanding settles in you, jealousy disappears.
- Confidence is better than perfection, because perfection means doing the best but confidence means know how to handle the worst.
- Do not get attracted to people who achieved great heights. Love those who hold you when you fall from the heights. A loyal one is better than a royal one.
- Judge nothing, you will be happy. Forgive everything, you will be happier. Love everything, you will be happiest.

CALL FOR PAPERS FOR INDIAN JOURNAL OF TECHNICAL EDUCATION

IJTE is a peer reviewed Journal devoted to different aspects in technical education. This journal is published by the Indian Society for Technical Education since 1978 with its high reputation in the field of publication. IJTE publish the latest research based articles on various issues of technical education for the overall development and advancement of engineering education in the country. The Journal has a wide spectrum of readers in the technical education arena.

IJTE solicits paper and articles of original, principled research papers dealing with theoretical, methodological, empirical and application-related aspects of technical education. Papers must clearly demonstrate relevance to pedagogical techniques in the field of engineering and technology, Management studies, Pharmacy, Hotel Management and Information Technology.

All submissions should describe original and unpublished work. Research papers should describe results of systems development and/or empirical or theoretical analysis. A small number of "review paper", "survey paper" and "theme papers" will also be accepted. These should synthesize and examine broad issues in the field. Authors are encouraged to submit reports on work-in-progress as short papers.

Please follow the "Guidelines for submitting the papers" which can be downloaded from our official website "www.isteonline.in". All papers must be submitted electronically to ISTE along with an undertaking for the originality, IPR and copyright issues. The full details of the author and their home institution (if any) should be given for correspondence. All the full papers and review papers will be peer reviewed or double blind refereed. For any further clarifications regarding the submission of the papers kindly contact us at the following address:

NEWS FROM AICTE

Shri R. Subrahmanyam, Hon'ble Secretary, Higher Education, MHRD presented the following awards at an event organised by All India Council for Technical Education (AICTE), New Delhi on 3-12-2019:

1. Clean and Smart Campus - The main objective of this award is not only to bring attention of the students, faculty and institutions towards the Swachh Bharat Abhiyaan but also to realize them that how smartly they can reduce the consumption or exploitation of natural resources such as paper, water, energy by deployment of digital technology. Other aspects such as effective waste management, sustainable transport, air pollution etc. can also be achieved by 'Smart' use of technologies. TERRE Policy Centre, Pune and International Institute of Waste Management, Bangalore had associated themselves with this competition.

2. SoUL Competition - The IIT Bombay has designed the Solar Urja through Localization for Sustainability (SoULS) Initiative, which is primarily based on involving local communities in all the operations relating to the deployment of the solar technology. IIT Bombay in collaboration with AICTE had organised a solar challenge, referred to as the SOUL Challenge. The challenge was categorized into two problem statements with technical challenge to enhance the efficiency by 2% and have better design using eco-friendly material.

3. One Student One Tree - In order to achieve this noble initiative and for making the students socially responsible, all AICTE approved technical institutions were requested to carry out a plantation drive by planting minimum of one tree per student to achieve the target of one crore plants. More than 30 lakhs trees have been planted till now. AICTE is committed to take it further and reach the target of 1 crore tree plantation.

4. Jal Shakthi Abhiyan - Jal Shakthi Abhiyan is aimed to accelerate water harvesting, water conservation and bore well recharge activities in 256 water-stressed districts. Most of the participation is from the state of Tamil Nadu which is most hit due to present water crises.

Shri Ramesh Pokhriyal "Nishank", Hon'ble Union Minister of HRD addressing the gathering via Video conferencing on 3-12-2019 at AICTE Auditorium.

Shri R. Subrahmanyam, Hon'ble Secretary, Higher Education, MHRD awarding the certificates to the institutes.
