Location : https://maps.app.goo.gl/VyTSY6vMUV21EJjCA

ABOUT BFCET, BATHINDA

Baba Farid College of Engineering & Technology has carved a niche in the field of technical education with excellence in Academics, Cultural, Sports and Technical Activities. The emphasis is on imparting practical skills to students through internships, live projects and hands on training, preparing them to tackle challenges in this transformative era of technical education. With well-equipped labs, excellent infrastructure and highly qualified faculty having industry exposure, BFCET is committed to provide quality education. The main focus of BFCET is on innovative research and providing education tailored to the needs of today's Industry.

ABOUT ISTE

Indian Society for Technical Education (ISTE) is a national, professional, non-profit society registered under the Societies Registration Act of 1860. First, started as the Association of Principals of Technical Institutions (APTI) in 1941, then, it was converted into "Indian Society for Technical Education" in 1968, with a view to enlarge its membership and activities to the cause of technological education. Being the only national organization of educators in the field of Engineering and Technology, ISTE effectively contributes in various missions of the Union Government. The strength of ISTE is the strong base it has in technical education institutions in the country. ISTE has an Executive Council at National level. The strength of ISTE is the strong base ithas in technical education institutions in the country. At present, the ISTE has a very large andan effective membership base consisting of 139941 Life Members, more than 3 lakh Studentmembers, 3264 Institutional Members, 1475 Faculty Chapters, 1802 Student Chapters atinstitutional level and 19 Sections at State level.

ABOUT THE CONVENTION

The ISTE Student National Convention is centered on exploring the pivotal role of technical innovations in driving social reforms. Advancements in technology significantly impact education, healthcare, and communication. E-learning platforms make education accessible to remote areas, bridging the urban-rural gap. Telemedicine revolutionizes healthcare, ensuring services reach underserved populations. Social media fosters global awareness and mobilization for social causes. Renewable energy innovations address environmental challenges, promoting sustainable development. Integrating technical innovations into societal frameworks enhances quality of life and propels us toward a more equitable and inclusive society. Embracing these advancements is essential for sustainable social progress.
