CALL FOR PAPERS
FOR
INDIAN JOURNAL OF TECHNICAL EDUCATION

IJTE is a peer reviewed Journal devoted to different aspects in technical education. This journal is published by the Indian Society for Technical Education since 1978 with its high reputation in the field of publication. IJTE publish the latest research based articles on various issues of technical education for the overall development and advancement of engineering education in the country. The Journal has a wide spectrum of readers in the technical education arena.

IJTE solicits paper and articles of original, principled research papers dealing with theoretical, methodological, empirical and application-related aspects of technical education. Papers must clearly demonstrate relevance to pedagogical techniques in the field of engineering and technology, Management studies, Pharmacy, Hotel Management and Information Technology.

All submissions should describe original and unpublished work. Research papers should describe results of systems development and/or empirical or theoretical analysis. A small number of "review paper", "survey paper" and "theme papers" will also be accepted. These should synthesize and examine broad issues in the field. Authors are encouraged to submit reports on work-in-progress as short papers.

Please follow the "Guidelines for submitting the papers" which can be downloaded from our official website "www.isteonline.in". All papers must be submitted electronically to ISTE along with an undertaking for the originality, IPR and copyright issues. The full details of the author and their home institution (if any) should be given for correspondence. All the full papers and review papers will be peer reviewed or double blind refereed. For any further clarifications regarding the submission of the papers kindly contact us at the following address:

QUOTE FOR THE MONTH

Every struggle you had in your life shaped you into the person you are today. Be thankful for the hard times they can only make you stronger.

WIT AND WISDOM

- The older you get, the more quiet you become. Life humbles you so deeply as you age. You realealize how much nonsense you have wasted time on.
- If you light a lamp for someone else it will also brighten your path.

  - Buddha
- Never be defined by your past. It was just a lesson, not a life sentence.
- Sometimes the best thing you can do is not think, not wonder, not imagine, not obsess. Just breathe and have faith that everything will work out for the best.
- Do not be afraid to do something just because you are scared of what people are going to say about you. People will judge no matter what.
- Be careful with your words. They can only be forgiven, not forgotten.
- Being a good person is very difficult. It is like being a goalkeeper. No matter how may goals you saved, the people remember only the goals you missed.
- A positive attitude brings much gratitude. Think positive, be positive, speak positive. Do it every day, make it a habit.
- Education is our passport to the future, for tomorrow belongs to the people who prepare for it today.
- People will forget what you said, people will forget what you did, but people will never forget how you made them feel.
- Successful people have fear. Successful people have doubts. Successful people have worries. They just do not let these feelings stop them.
- Be patient with yourself, self-growth is tender; it is holy ground. There is no greater investment.
- Do not wait for everything to be perfect before you decide to enjoy your life.
- People who do not understand your silence will never understand your words.

ACTIVITY FOR THE MONTH

TOPIC FOR DISCUSSION

How to Build Up Teamwork among the Teachers and Students.

All the Chapters/Student Chapters may conduct Seminars/Workshops on the above topic and send the recommendations to the Headquarters for the needful.
